Particular People.

Our customers are particu-
lar people, and we are glad of
it, for we are a little particu-
lar ourselves. People who
are particular about the goods
they buy, who insist upon per-
fection as to durability, goods
to be as represented, best ma-
terials and quality, are people
who know what they ought to
pay for goods and who refuse
to pay exorbitant prices.

As we have said we are par-
ticular ourselves. Particular
in selecting our goods, and we
do our own selecting, from the
best concerns in the country;
insist upon the very highest
grade of goods, and as we pay
the plank down cash for every
dollar's worth of goods pur-
chased we get them at the
lowest notch, and that is the
secret of now we can sell first
class stock at a price which
most dealers ask for second
class and inferior goods.

We are especially particu-
lar in the selection of our
stock of drugs and medicines.
They must always be up to
the standard, pure and fresh.
We pride ourselves in this de-
partment, and truthfully be-
lieve that we have drugs and
medicines for all the aches and
pains known to the human
race, and to the animal king-
dom as well. We keep none
but what we can recommend,
and it is always wise to keep
an assortment of goods, true
and tried remedies on hand, so
that they may be near when
wanted, for it is a fact that
many lives are saved, and
diseases prevented, by having
the right medicine at the right
time, and in time.

And while we are especially
particular with our stock of
drugs and medicines, we are
equally particular in the se-
lection of our paints, oils and
brushes. We are the oldest
house in the county dealing
in these goods, and we have
this class of goods down pat.
We keep no inferior paints or
oils, and it is for that reason
wherever you see paint spread
that comes from our store it
is always found to wear well
and is first class in all particulars.

Our wall paper and window
shade dep't has a well estab-
lished reputation, and we are
as particular of this depart-
ment as we are of any other in
our mammoth store. Styles
and patterns have never been
more pretty than they are
now, and as to prices you can
paper your entire home for
little or no money. The
cheapness of our paper will
surprise you, as well as our
designs will delight. Come in
and look over the stock wheth-
er you wish to purchase or
not.

We still handle anything
and everything in the book
and stationery line, and keep
this department up as well as
can be found in any first class
exclusive book and stationery
store. Respectfully,
SAUR & BALSLEY.

TAX LEVY.

The County Commissioners Pro-
vide for Next Year's Expen-
ses.

The county commissioners last
week made the following tax levy,
to provide for the expenses for the
coming year:

General Co. Fund.	4.1 mills
Bridge	2.5 "
Building	2.2 "
Sinking	3 "
Soldiers Relief	3 "
Election Ex.	1 "

Total.....10.3
Levies for special road improve-
ments were made as follows:

Freedom township.	7 mills
Napoleon	5 "
Flatrock	6 "

The tax levy for county purposes
for 1895 was 10.6; 1894, 12.3; 1893
and 1892 13.5 for each year. This shows a
steady decrease in the tax levy since
1892, this year's levy being a reduc-
tion of four tenths of one mill on the
levy of last year. The levy for each
of the road improvements last year
was 7 mills. This year that of Na-
poleon township is reduced to 5 mills,
and Flatrock to 6, Freedom remain-
ing the same.

Lima Northern Railroad Co.

leaving Dayton at 5 p. m. Soldiers
Home open to visitors.

Children's Day.

Children's Day will be observed in
the Presbyterian church on next
Thursday evening. In the morning an opportunity
will be given those parents who wish
to have their children baptised. Exer-
cises in the evening by the children.
A cordial invitation is extended to
all to attend these services.

Accident.

Last week Wednesday evening
Bennie, the seven-year old son of Mr.
and Mrs. Chas. Newton, fell from
the trestle work of the Lima North-
ern over the Mammee river. He fell
a distance of eighteen feet, striking
on a barbed wire fence, receiving
quite serious cuts and bruises which
were dressed by Dr. Chas. Harrison.
Boys should keep off the trestle
work.

Fourth of July Meeting.

There was a poor turnout at the
meeting of citizens last Friday night
to make arrangements for a 4th of
July celebration. Those that were
present decided to go ahead and a
committee of three, A. Bradley, Wm.
Delventhal and Dan Warner, was
appointed to solicit subscriptions.
The committee started out Tuesday.
About \$500 is needed to defray ex-
penses and between \$250 or \$375 of
this sum will be donated by the sa-
lons. There will be another meet-
ing this (Wednesday) night at the
town hall at 7 o'clock. Let every
business man turn out.

Oil Well Shot.

The oil well near West Hope, this
county, was shot last Friday after-
noon. The shot took place about
three o'clock, 120 quarts of nitro-
glycerine being exploded. Consid-
erable oil and salt water was thrown
out by the force but as soon as that
was expended nothing but gas came
from the hole. Pumping was com-
menced with but little or no success,
showing that the well is practically a
failure.

The Painter's Warning.

Harvest will soon be here and so
will all the little flies. Now if any of
you expect or intend having any out-
side painting done soon, we would
caution you to have it done right
away. As soon as these little flies
make their appearance they are sure
to be attracted and stick to the fresh
paint. This does not only spoil the
looks of the paint but they produce
a chemical change which destroys
its lasting qualities. Saur & Balsley
have large quantities of fresh paints
on hand which they are selling very
cheap and which they guarantee to
give satisfaction. At this house you
can get paints in any shade or color
and in any quantity, large or small.

Dr. Karl H. Kolbe and Miss Ame-
lie Koch were united in marriage
last Thursday evening at the home
of the bride's parents on the South

o'clock and was performed by Rev.
Strauss, of Adams Ridge. The young
couple left the same evening for a
short visit with relatives at Jackson,
Mich., returning to Napoleon Tues-
day evening. Mr. and Mrs. Kolbe
are from the best society of this city
and have the well wishes of all their
friends. They will make Napoleon

the house on High street formerly
owned by B. J. Long.

Serious Accident.

Ida Dettmar, the 8 year old daughter
of ex-Infirmar Director Edward
Dettmar, of Monroe township, met
with an accident last Thursday
afternoon that may necessitate
the amputation of the thumb of her
right hand. Mr. Dettmar had been
cranking feed for his stock with a
horse power grinder. He had oc-
casion to leave the machine for a
few moments when the little girl
started to amuse herself by dropping
articles into the hopper and watch
them being ground up. She noticed
something in the knives that would
not pass through and reached down
to get it. The knives caught her
hand and drew it in. Her screams
attracted the attention of Mr.
Dettmar and the machine was
stopped. The little girl's hand
was mangled in a terrible manner.
The wound was dressed by Drs.
Maerker and Heller, who think that
the fingers may all be saved although
she will lose the use of some of them.

Arm Broken.

While on his way home Monday
night "Main" Reiter, living in Har-
rison township, fell off the river bank
near L. G. Randall's residence and
sustained a fracture of his left arm.
Dr. Chas. Harrison was sent for and
set the arm, which had both bones
broken just above the wrist.

Mr. James Perdue, an old soldier
residing at Monroe, Mich., was
severely afflicted with rheumatism
but received prompt relief from pain
by using Chamberlain's Pain Balm.
He says: "At this time I could hardly
raise up. If I had not gotten relief I
would not be here to write these few
lines. Chamberlain's Pain Balm has
done me a great deal of good and I
am very thankful for it." For sale by

THE BEST SPRING MEDICINE

is SIMMONS' LIVER REGULATOR—don't
forget to take it. The liver gets sluggish
during the Winter, just like all nature,
and the system becomes choked up by
the accumulated waste, which brings on
Malaria, Fever and Ague and Rheuma-
tism. You want to wake up your liver
now, but be sure you take SIMMONS'
LIVER REGULATOR to do it. It also
regulates the liver—keeps it properly at
work, when your system will be free from
poison and the whole body invigorated.

You get THE BEST BLOOD when
your system is in A1 condition, and that
will only be when the liver is kept active.
Try a Liver Remedy once and note the
difference. But take only SIMMONS'
LIVER REGULATOR—it is SIMMONS'
LIVER REGULATOR which makes the
difference. Take it in powder or in liquid
already prepared, or make a tea of the
powder; but take SIMMONS' LIVER REGU-
LATOR. You'll find the RED Z on every
package. Look for it.

Drowned in a Lock.

Philip Westphal, the 7 year old son
of Capt. Eli Westphal of this city,
living in the Park addition, was
drowned while with his father on the
canal boat "Tempest" Tuesday after-
noon. The boat was passing through
lock No. 7, just out of Toledo, and
the little fellow had gotten off the
boat to watch the water. One of the
levers flew around and hit him knock-
ing him into the deep water in the
lock. It was fully thirty minutes be-
fore the body could be recovered and
by that time life was extinct. The
funeral services will be held in To-
ledo this afternoon.

We are informed that Wm. Zinn,
an old soldier, is sick and in need of
assistance. He needs watchful care
as his sickness has deranged his
mind, and it is possible that he may
do serious injury to his wife, who is
not bodily able to care for him. It
is indeed a case for the benevolence
of the Grand Army but he is an old
soldier.

Perhaps few people have thought
of it, but the influence of the bicycle
is felt in nearly all lines of business.
A good wheel costs from \$75 to \$100,
and in order to own one nearly every
person is obligated to economize by
doing without something else. Thus
the cost of the bicycle is taken from
the regular trade, and this influence
is felt along the whole line of busi-
ness, and even the summer girl com-
plains that the young man who has re-
cently purchased a wheel is not very
liberal in the purchase of ice cream
and soda water, and as for buggy
rides they are not thought of any more.

An exchange remarks that men
are just like hogs. When a hog gets
an ear of corn, every other hog will
troat along behind him and beg and
beg and toady for a bite, but just let
the front hog get caught with his
head fast in a crack, and every son of
a sow will jump on him and tear him
to pieces. Just so with men. As long
as a man is prosperous and has mon-
ey, he can't keep friends off with a
ball bat. The moment he is unfor-
tunate and his wealth is gone, he is
not only snubbed by his former al-
lies, but they begin to do him all the harm possible.
When a man starts up grade the
world falls behind and pushes. When
he starts down grade the world steps
to one side and greases the track.

You are not as handsome a man as
you was when you courted your wife
—not so well dressed. She probably
loves you better to-day than she did
then, in spite of your shabby ap-
pearance, but what a nice compli-
ment it would be to her if you bought
a new suit of "old reliable cloth" of
Henry Meyer and tried to "spruce
up" a bit. Women don't say much
about these things but they think of
them just the same.
